So many years spent working together as your secretary. He taught me so much and trained me in so many ways making me a little perfectionist organizer. Always available to chat and encourage. My mentor! I miss you already. But know you are now at rest and at peace. We carry you in our hearts forever. Well "done good and Faithful servant!"

A man who was the very backbone of opposition to apartheid. He and the Archbishop not only stood firm against the SB but gave their names and strong conviction in courts to save us all in this country. Roger Burrows.

The honourable Paddy Kearney
You have walked the path of righteousness and been a true shepherd hand of God, a more committed individual to the cause of unity in diversity has not been seen in our daily midst.
You fought injustices in a kind and quiet yet significant powerful way. And especially you made our Catholic faith a pillar of reason for all. May you RIP

Dear Paddy - as I sit here in the Cathedral, an Island of strength and peace. I remember it was not always so. Paddy you saw what the South African at the time failed to see - God forgive us! a country free for all people. Thank you for your legacy of peace you worked so hard for. Not always appreciated - thank you. From above continue to pray for our beautiful but scarred country, for its peoples. That we may learn to live in love and respect for one another. *Sclair Wade cps.*
